

Peer-to-Peer Medical Review Checklist >

If a patient has been denied coverage for a medication by a payer, a peer-to-peer review may be warranted for approval. Please review the following checklist to support the patient's treatment rationale. Note that individual payers may require additional information not contained in this checklist.

This checklist is for informational purposes only and cannot guarantee that coverage will be granted by the insurance provider. Bristol Myers Squibb and its agents cannot guarantee coverage for any item or service.

Prepare to support your rationale with the following documentation:
