Dear Dr. Gambone:

APPROVAL & LABELING

We have completed our review of this supplemental application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed, agreed-upon labeling text.

WAIVER OF HIGHLIGHTS SECTION

Please note that we have previously granted a waiver of the requirements of 21 CFR 201.57(d)(8) regarding the length of Highlights of prescribing information.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit, via the FDA automated drug registration and listing system (eLIST), the content of labeling [21 CFR 601.14(b)] in structured product labeling (SPL) format, as described at http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm, that is

identical to the enclosed labeling (text for the prescribing information and Medication Guide) and include the labeling changes proposed in any pending "Changes Being Effected" (CBE) supplements. Information on submitting SPL files using eLIST may be found in the guidance for industry titled "SPL Standard for Content of Labeling Technical Qs and As" at http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/U http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/U http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/U http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/U http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/U http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/U http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/U http://www.fda.gov/downloads/Drugs/GuidanceS/U http://www.fda.gov/downloads/Drugs/GuidanceS/U <a href="http://www.fda.gov/downloads/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/Drugs/Guidances/D

The SPL will be accessible via publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications that include labeling changes for this BLA, including pending "Changes Being Effected" (CBE) supplements, for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 601.12(f)] in MS Word format that includes the changes approved in this supplemental application.

REQUIRED PEDIATRIC ASSESSMENTS

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients, new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication(s) in pediatric patients unless this requirement is waived, deferred, or inapplicable.

Because the biological product for the treatment of patients with Hodgkin lymphoma has been granted orphan designation, you are exempt from this requirement.

In addition, we are waiving the pediatric study requirement for the treatment of patients with squamous cell carcinoma of the head and neck because necessary studies are impossible or highly impracticable since the disease/condition does not exist in children.
